Pentacle Quest for Federal Headstone Project

Today, Americans United for Separation of Church and State, representing Circle Sanctuary, issued a letter to the US Department of Veterans Affairs giving the VA 14 days to add the Pentacle to its list of emblems of belief for veteran grave markers or face litigation.

Rev. Selena Fox of Circle Sanctuary, with Roberta Stewart and Chaplain William Chrystal by her side, read excerpts of the letter at this morning's American Freedom Rally in Reno, Nevada. Following the Rally, Fox, Stewart, and Chrystal gave interviews to the media which covered this event.

Breezing through trends for Libra

Libra - September 22-October 23

This sign is the only representation of a machine in the zodiac. Libra is the cardinal air sign of the zodiac. Bringers of the new season, or cardinal points in the zodiac and in this case of Libra, the new season is Autumn; in the Western Hemisphere. The balance for which this sign is best known for is actually one of the greatest struggles for Libra's. The Kidneys are the body part that Libra rules. We have the Full Moon in Aries on October 6 at 8:13 pm.

Generally thought of as the height of the month the peak of understanding work energy for the month. Then the new moon in Libra is on October 21 @ 10:14 pm is a time of letting go of the work finished during the month. All times listed Pacific.
